MEMORANDUM FOR: Director of Logistics
FROM: Richard J. Kerr
Deputy Director for Intelligence
SUBJECT: Sole Source Procurement of Kodak KEEPS System

1. I would appreciate your expediting the procurement with FY86 funds of two (2) Kodak KEEPS Systems by CPAS. Justification is attached. [redacted]

2. The Kodak KEEPS System will provide the DI with the capability to produce low-volume finished intelligence products, when timeliness is the key factor rather than high quality publication. We anticipated that the KEEPS System will also help reserve the high-volume, high-quality presses of P&PD/OL for the publications which demand that treatment. [redacted]

3. Should you have any questions on this matter, please contact [redacted] CPAS [redacted]
